To whom it shall concern :

This brief letter is regarding one of my students- Sumari Gildenhuis. I have known Sumari since August 2010 when she signed up for one of my painting courses at Oakton Community College in Skokie and Des Plaines Illinois.

Sumari has done amazing and wonderful paintings since she arrived and miraculously settled down after her transglobal exodus. Her work and her ability to visualize and put paint to her visions ranks among the top fifteen students I have had during my last twenty years as an instructor of painting and drawing.

Sumari's artwork is capable of functioning at a variety of levels. She has done many artworks that range from graphic illustration, to traditional still life, large decorative mural-esque fantasy painting to rather avant-garde conceptual and political philosophical pictorial depictions.

At this time I recommend Sumari for consideration and inclusion within your fine arts program.

Please feel free to call upon me for any direction I might provide.

A handwritten signature in black ink that reads "Mark J. Palmeri". The signature is written in a cursive, flowing style.
