

To Whom It May Concern:

I would like to take this opportunity to verify that Maria Susanna Gildenhuis, (known as Sumari Gildenhuis), worked for Memory Institute on contract basis from 2014. During this time, we got to know Sumari as a loyal and hardworking person that you can count on to do her utmost best, within every scenario that she faces.

Her work ethics and passion to excel is a true reflection of her personality. She is a very creative individual who is able to provide much more than what is expected her.

Please feel free to contact me directly on details provided.

Kind Regards,
